MEETING DATE: June 5, 1996

SUBMITTED BY: Electric Utility Director

RECOMMENDED ACTION: That the City Council adopt the attached resolution awarding the bid for the purchase of nine 50KVA conventional polemount transformers to the bidder whose proposal and equipment met City of Lodi specifications, and whose transformers are expected to yield the lowest overall life-cycle cost, Wesco Distribution of San Francisco, in the amount of \$8,320.46.

BACKGROUND INFORMATION: On April 17, 1996, the City Council approved specifications and authorized advertisement for bids for nine 50KVA conventional polemount transformers.

On May 22, 1996, bids were opened and total life-cycle costs were evaluated. Life-cycle costs are the combined total of purchase price plus cost of operation based on estimated power loss during the projected life of the transformer. Proposals are also evaluated on the basis of compliance with equipment and bid specifications. Failure to comply with both may lead to disqualification of the bid. A summary of the bid evaluation follows:
